

**PROFIL DRUM  
STRADA REMETEA**

The diagram illustrates the cross-section of a road profile. Key dimensions and components include:

- Dimensions (from left to right):**
  - 0.90 (sidewalk width)
  - 1.50 (sidewalk width)
  - 1.50 (shoulder width)
  - 0.50 (shoulder width)
  - 2.50 (road width)
  - 2.50 (road width)
  - 0.50 (shoulder width)
- Total Widths:**
  - 3.90 (total width of the first sidewalk and shoulder)
  - 6.00 (total width of the road and shoulders)
- Components:**
  - Sidewalk:** Indicated by a hatched pattern on the left.
  - Shoulder:** Indicated by a hatched pattern on the right.
  - Road:** Indicated by a hatched pattern in the center.
  - Drainage:** Indicated by a dashed line with a downward arrow on the left and an upward arrow on the right.
  - Planting:** A tree is shown on the right side of the road.
  - Lighting:** A street lamp is shown on the left side of the road.
